Dear Sir

At the repeated request of several Parents in Bangalore, we opened last August a School for small boys engaging for the purpose a highly qualified Teacher recently come out from England and trained for eight years in the Truro Training College. Mr Marsden the Inspector of Schools, who is greatly interested in our little School, promised to use his influence in obtaining for us a double Grant for the same, viz. a monthly Grant to meet the ordinary expenditure for salary and upkeep and a special Grant for the purchase of furniture and Kindergarten & Drill Appearatus. — According to Mr Marsden's directions I sent in the formal Application for the Grants soon after the opening of the Boys' School. — After having inspected the School the Inspector forwarded to us the official recognition of

of the same dated 20th September 1901. —
Since then I reminded the Inspector repeatedly of the promise he made to procure the Grants for us, as without them it is impossible to keep up the School. — In his last letter Mr Marsden assures us, that he has done all he can in the matter and he advises me to go and ask you personally, kindly to sanction the Grants for us. — I should gladly follow his advice but as you know we are not allowed to go out and I feel confident, that on receipt of this letter you will very kindly look to the matter and sanction the two Grants which are urgently needed. — We have had many proofs of your kindness and benevolence towards us and as you have seen for yourself the many different works of charity carried on in our Institution, I trust that you will grant us the favour we are asking.

I beg to remain

A few weeks ago I wrote to you about a double Grant which the Inspector of Schools - Mr. E. Marsden promised to obtain for us in aid of a small boys' School opened in connection with our Convent last August. I was told that you were not in the Station at the time I sent the letter and not having had a reply makes me doubtful as to whether you have received my letter or not I now therefore take the liberty of addressing you again on the subject and I beg you to be so good as to give your kind attention to the matter. The grants are most urgently needed as without them we are not able to keep up the above mentioned School.

3. The following grants are recommended in addition to those specified on the budget. As they have not actually been sanctioned, they are, according to rule, not to be included in the estimate, which refers only to sanctioned grants. If they be approved, they may be included by the Resident in the estimate to be forwarded to the Govt of India.

* Convent Preparatory School - for boys -

(1) A monthly grant of Rs 50/- or Rs 600 a year for a new boys school lately opened in the Convent of the Good Shepherd as a preparatory school for little boys reading up to the Second Standard - Applications for grant from the Rev: Mother Paula, Head Mistress of the Sacred Heart High School for girls dated 12-8-'01 and 17-8-'01 are submitted with this estimate - The School was opened recently with 32 boys - A much larger attendance may safely be

me predicted with the excellent arrangements made by the Convent Authorities - A spacious room in the Convent, very well adapted for the purpose, has been assigned to the School. A Head Mistress has been appointed with high educational attainments - She was trained in the Truro Training College in England where she was educated - She had subsequently 10 years' experience in large schools in England - She has a diploma from the Education Department, Whitehall, and is thoroughly acquainted with the latest & the most approved methods of teaching on the Kindergarten system. I have seen the Lady in question & am of opinion that the School will under her be a great success - The salary proposed for her is Rs 100/- & the grant now recommended is a half of this amount or Rs 600/- a year.

A further grant of Rs 200/- is necessary in aid of the purchase of furniture & apparatus; but as this amount may be met from the ordinary allotment of Rs 5,500/- no separate entry need be made for this amount.

Sir

We have for a long time had under consideration the advisability of opening a Preparatory School for little boys. We need hardly say that it is now generally admitted that little boys are taught better by Mistresses than by Masters. This system has of late years been followed both in England and Germany. —

After long and anxious deliberation we have at length decided on opening a School for the little boys who usually attend the Infant and First and Second Standards.

We have secured the services of Miss Connolly, a lady who has just arrived from England. She was for eight years in the Truro Training College where she was educated. After leaving college she had ten years experience

in large Schools in England. She has a Diploma from the Educational Dept. Whitehall, copy of which is submitt She is thoroughly acquainted with the latest and mos approved Methods of Teaching in Preparatory Schools and with all the developments of the Kindergarten System and Singing on the Tonic Solfa System.

We have opened our School on this day, 12th August and equipped it with the necessary furniture and Apparatus.

The object of this letter is to solicit a grant in aid of our School from Government viz. a monthly living grant to meet the ordinary expenditure on salary and upkeep. —

The amount of the grant we leave to you to decide. We consider that for a Lady of Miss Connolly's attainments and experience, a salary of a least a hundred Rupees a month should be provid We shall be thankful if you will kindly apply to Government for this Grant on our behalf.
